

REMARKS

Claims 16-19 and 30-31 (Group II) have been cancelled in response to the Restriction Requirement mailed 3/8/2005. Even though Applicant may not be in complete agreement as to the distinctions presented or as viewed by the Examiner, Applicant hereby elects Claims 1-15 and 20-29 (Group I) as a single disclosed species for examination purposes, without traverse. This election is made without prejudice.

Applicant understands that should a claim be added that is generic to these claims, then they could all stand within a single allowable application. Applicant also understands that all of the withdrawn claims covering non-elected species can be filed in one or more divisional applications, and that additional claims can be added by amendment without prejudice to these or other claims. No surrender of rights to claim different or broader subject matter is to be implied by this action made solely for purposes of further examination.

Applicant understands the duty to amend inventorship and remain in compliance with 37 CFR 1.48(b) when claims are withdrawn. Applicant believes that no change in inventorship is required at this time, as the listed inventor participated as the sole inventor in the claimed subject matter remaining in the application.

A Petition for Extension of Time and the appropriate fee is filed herewith to extend the response period for three months. Please charge Deposit Account No. 17 - 0026 of QUALCOMM Incorporated in the amount of \$1,020.00 to pay the necessary fee due under 37 CFR § 1.17 to extend the period for response three months from 4/8/2005 to 7/8/2005.

PATENT

The Commissioner is hereby further authorized to charge payment of any additional fees that may be required, or credit any overpayment, to Deposit Account No. 17 - 0026. A duplicate of this sheet is enclosed.

Respectfully submitted,

Dated: July 6, 2005
